

Central Arkansas Veterans Healthcare System

Veterans Priority Group Vaccine Distribution

As of March 8, 2021

501-257-1978
888-357-1978

Current Age Priority Group **50 +** (Eligible Veterans enrolled in VA Health Care)

VA followed guidance from the Centers for Disease Control and Prevention (CDC) to develop its COVID-19 vaccination plan. The plan is based on five core principles: safety, maximizing the benefit of the vaccine, equality, fairness and transparency. We continue to prioritize vaccination based on the plan and availability of the vaccine.

Who is eligible to receive the vaccine?

- CAVHS Staff
 - Veterans residing in VA community living centers (CLC) and spinal cord units
 - Veterans residing in other long term/congregate settings without access to the vaccine
 - Cemetery workers
- Veterans 50 and older**
 - Homeless Veterans
 - Hemodialysis patients
 - Solid organ transplant patients or patients listed for transplant
 - Veterans with spinal cord injuries
 - Chemotherapy patients
- Veteran Essential Workers who have not yet had the first dose (18 and over) and:
 - Firefighters
 - Police Officers
 - Corrections Officers
 - Food and Agriculture
 - Postal Service
 - Manufacturing
 - Grocery Store
 - Public Transit
 - Teachers
 - Daycare
